

EXTENDED WARRANTY PLUS AFTERTREATMENT

Isuzu trucks are known for their unmatched reliability and when paired with the 60-month/200,000 mile **Extended Warranty PLUS With Aftertreatment**, your truck is covered for *even more* unforeseen situations.

What makes this N-Series Diesel Extended Warranty Coverage so beneficial to your vehicle's operation? The peace of mind knowing that key components will be covered even after the new truck warranty expires! This means even when your truck is aging, the lowest cost of operation is still maintained.

Enjoy coverage for your engine, driveline and emissions aftertreatment system.
